Congressman Dent to tour U.S.-Mexico border

U.S. Rep. Charlie Dent (PA-15), a member of the House Homeland Security Committee, will take part in a two-day, bipartisan Congressional tour of the U.S.-Mexico border in Laredo, Texas on Aug. 17-18.

The tour, arranged by U.S. Rep. Henry Cuellar (D-TX), will include site visits to Department of Homeland Security facilities and critical border locations, including an aerial night tour of the border. The Congressman will meet with local officials in Laredo and attend briefings on Border Violence, Border Security and Immigration, as well as on Trade and Commerce issues between the U.S. and Mexico.

“Managing our borders is of critical importance, and first-hand observation will help inform my decisions as we pursue better border security policies,” Congressman Dent said.

Congressman Dent will announce a press briefing about the tour and border security issues next week.
